Extra info

All children have a **right to culture**.
In Flanders, 1 in 5 children are born in poverty and their number rises year after year.
Leuven is sadly no exception.

30CC has been working for years with social services and community centres to help families with young children in particular.
We stimulate their cultural participation through plenty of activities (theatre visits, workshops, etc.).

And you can help too!
With every purchase you make, you can donate a ticket worth €5, €10 or a free contribution to a child in poverty.
We then make sure these tickets will reach the right children.
At the end of the season, we will show the results of this solidarity campaign.
